

## Laboratory Medicine Table of Specifications

The AOBPa does not endorse any board review course for use in preparing to take the certification examination in Pathology. Many organizations provide intensive board review courses which can be taken in preparation for the boards. The AOBPa table of specifications is posted herein and can be used to determine if the content of a board review is sufficient to cover the listed topics.

<b>Category</b>	<b>Percentage</b>
Laboratory Management	10
Hematopathology and Hemostasis <i>Bone Marrows</i> <i>CBC</i> <i>Molecular Pathology</i> <i>Coagulation</i>	21
Microbiology <i>Virology</i> <i>Spirochetes</i> <i>Parasitology</i> <i>Mycobacteriology</i> <i>Mycology</i> <i>Chlamydia/Rickettsia</i> <i>Bacteriology</i>	17
Transfusion Medicine/Immunology <i>Allergy</i> <i>Autoimmune Disorders</i> <i>Blood Banking/Transfusion</i> <i>Immune Deficiency</i>	11
Chemistry <i>Blood Gas/Electrolytes</i> <i>Cancer Mngt/Tumor Markers</i> <i>Carbohydrates</i> <i>Endocrine</i> <i>Enzymes</i> <i>Fertility and Gestation</i> <i>GI/Pancreas</i> <i>Lipids</i> <i>Liver</i> <i>Toxicology/TDM</i>	32
Urine/Clinical Microscopy <i>Body Fluids</i> <i>Urinalysis</i>	9
